Lehigh Type N White Portland Masonry Cement

Product information:

We propose to furnish this product which is manufactured by The Lehigh White Cement Company of Waco Texas. Lehigh is the largest producer of White Cement in the US. Our company has been supplying this product for over twenty years, with positive results. Chances are good that you have seen some of this widely used material on previous jobs. This product conforms to ASTM C-91, and the proportions of ASTM C-270 when applicable. Each 70-pound bag of this is to be mixed with not less than 2 1/4 and not more than three cubic feet of masonry sand to produce a high-quality Type N mortar. Should you need samples of this product, Material Safety Data Sheets, references or if we may be of service to you in any way, please let us know.

**Thank you for the opportunity of furnishing this
quality product on your important project!**
