**Project:**

## **Regular Concrete Block**

### **Product information:**

We propose to furnish regular hollow load bearing concrete block (aka concrete masonry units-cmu) for this project. Our company has been supplying this commonly used building product since 1982, with positive results. The most common (nominal) sizes of concrete block that we supply are:  
(Depth)(height)(Length)

8"	x	8" x	16"
6" x	8" x	16"	
4"	x	8" x	16"

The concrete block that we supply conforms to ASTM C-90 "Load bearing Concrete Masonry Units". When lightweight concrete block is requested we supply units containing aggregate that is in accordance with ASTM C 331 "Lightweight aggregates for Concrete Masonry Units"

Should you need samples of this product, Material Safety Data Sheets, references or if we may be of service to you in any way, please let us know.

**Thank you for the opportunity of furnishing this quality product on your important project!**
